New City Council Takes Office At Whitesburg

An even dozen spectators were on hand at the Whitesburg City Hall Monday night as the new Council of the city took office and held its first meeting of the term to which it was elected in November.

New members Smith Setzer, Jack Blair, Walter Enlowe, Arthur Dixon, Ed Williams, and Don Brown were sworn into office by Police Judge M. C. Fields. Mayor Arthur Banks had been sworn in previously by County Judge Robert Collins.

Immediately after the new members took office the meeting got underway with Mayor Banks discussing the financial situation of the Town.

In his report, the Mayor listed the sources of revenue upon which the Council must depend until tax collecting time. These sources, he stated, are (1) occupational licenses (2) Police Court (3) parking meters and (4) commercial garbage charge.

He noted the fact that the Police Court has not been paying its own way and said this matter must be rectified. The meter ordinance also hasn't been enforced. Mayor Banks said, and he positively stated that the ordinance would be enforced in the future.

When it came to hiring the City Clerk, Mayor Banks stated that the City has been paying three-fourths of the Clerk's salary while the Clerk has been working for both the city and the water commission. He asked that the water commission and the city each pay half the Clerk's salary.

Coy Holstein, who represented the water commission at the meeting, said he would have to take the matter up with the other commissioners. It was decided to re-hire City Clerk Earl Day at the same salary he had been receiving for a period of one month... during which time the water commission is to study the Mayor's proposal.

The Council voted unanimously to keep Remious Day as Fire Chief of the City at the same salary. Orville Caudill was re-hired as truck driver and LeRoy Fields was named City Attorney.

The hardest positions for the Council to fill were those of Chief of Police and night policeman. At the opening of the meeting the members had voted four-two to cut the Chief's salary from \$275 to \$225 and the night policeman's salary from \$225 to \$200. Arthur Dixon and Jack Blair were the dissenting votes.

First Lindsay Polly was considered to retain his position as Police Chief and the majority of the Councilmen were for Mr. Polly. One member mentioned, however, that Chief Polly had stated that he couldn't work for a lower salary and the Council decided to hire John M. Adams as Police Chief for a period of thirty days.

Four votes were cast for retaining Pearlle Fleming as night policeman. Two members didn't vote. Mr. Fleming thanked the Council members but said that he couldn't make out on the new salary set for the night policeman. Whereupon, the Council voted to hire Kenan Combs, who is now serving as turnkey at the county jail, as night policeman. Mr. Fleming will remain on the job until February 1.

The quickest decision of the night by Council members was to repeal the household

Chief Day Gives Year's Fire Report

During the past year, 1951, the Whitesburg Fire Department made a total of 26 fire runs in the city and seven outside the corporation, Fire Chief Remious Day revealed today.

Total fire loss to all the buildings was given as \$4,200. Neither of the buildings was a total loss.

The fire resulting in the most damage occurred at the Main Street Service Station. Damage on the building was given as \$2000 and \$1000 worth of contents were destroyed. This lone fire made up for \$3000 of the \$4200 total damage due to fires in 1951.

Whitesburg, along with Hazard, Harlan and Pikeville, in this section, is rated in the seventh fire class. Since the Department needed only 1200 feet of new hose and a 35 ft-section ladder to have a sixth class rating, the City Council placed an order for this additional equipment.

When the City is placed in the sixth fire class, fire insurance rates will be reduced 18 percent.

At the present, there is \$52,000 worth of equipment in the Whitesburg Fire Department and all but about \$500 worth is paid for. Chief Day requests and urges everyone to come in and see the equipment their money has paid for.

RANGER CRAFT WARNS AGAINST CARELESSNESS

Ranger Garnett Craft requested today that hunters be more careful about throwing cigarettes and matches down and be sure that campfires are completely distinguished.

Mr. Craft, in making his appeal, mentioned the several fires which have occurred since December 15, the close of the 1951 fire season.

He asked that any farmer having a tract to be burned off notify the ranger or a fire warden so the ground can be inspected before it is burned.

The Ranger also mentioned that the time will soon be here for planting tree seedlings and anyone who is interested should call him at phone 2587 or County Agent Robert H. Fike.

CONTACT MAN PLANS VISIT FOR VETS HERE

A contact representative of the Kentucky Disabled Ex-Servicemen's Board will be present on Monday, January 14, 1952, at the Whitesburg courthouse to assist disabled veterans and dependents with claims for benefits due them as a result of their military service. He will be in the office from 8:00 a. m. to 4:00 p. m.

Medical Society Holds Meeting

At their annual business meeting, held New Year's night at Whitesburg, members of the Letcher County Medical and Dental Society voted unanimously to retain the 1951 officers for the new year.

These officers are: President — Dr. Lundy Adams, Blackey; Vice-President—Dr. Lee Moore, Whitesburg; Secretary-Treasurer—Dr. R. Dow Collins, Whitesburg.

The Society also voted unanimously to invite the Kentucky Cancer Mobile Unit to come to Letcher County in 1952. They have asked the unit to appear here in September, but word has not been received as to whether that date is open or not.

It was further agreed that each member mark on his calendar the last Tuesday night in each month as "Meeting Night." The Society will meet on those nights at the Whitesburg City Hall at 7:00 p. m. (CST), unless otherwise notified.

Tentative speakers for the first six months of 1952 are: January—Dr. Lundy Adams; February—Dr. Carl Pigman; March—Dr. Lee Moore; April—Dr. Owen Pigman; May—Dr. B. C. Back; and June—Dr. R. Dow Collins.

Also brought up at the meeting was the increase of State dues from \$15.00 in 1951 to \$25.00 in '52. Local dues of \$5.00 remains the same; the dues for the A. M. A. is \$25.00 plus another \$5.00 for fellowship in the A. M. A. Thus if a physician belongs to his county, State and American medical societies, his total dues will be \$60.00 per annum.

Clerk Wright Names Recent Marriages

County Court Clerk Charlie Wright announced that the following marriage licenses have been issued since January 1, 1952:

Roy E. Trivett, 21, Dunganon, Va., and Edna Sparks, 17, married at Whitesburg January 1 by Magistrate Elihu B. Addington.

James G. Hogg, 21, Whitesburg, and Rose Lee Sticker, 21, Washington, D. C.

Bill Baker, 21, Millstone, and Wilma Anderson, 15, Cro-mona, marriage solemnized at Whitesburg January—by Rev. J. M. Webb.

Ted Amburgey, 18, Roxana, and Willa Sue Fields, 18, Waynesburg; Carl Anderson, 43, McRoberts and Grace Garrison, 20, Neon; Kenneth Combs, 32, and Sada Everidge, 21, Vico.

Robert Harris, 23, Pound, and Odie Gibson, 24, Whitesburg; James Vincent Meade, 20, and Elma Jean Craft, 18, both of Deane.

County Court Clerk Charlie Wright once again urges all owners who have not purchased their auto stickers to do so now. March 1 is the deadline, Mr. Wright said, and that is only fifty days away.

During that fifty days, there are 6000 stickers to be issued at the Clerk's office... an average of 120 a day. As the situation looks now, however, everyone is waiting until the last day to obtain the licenses, Mr. Wright said.

SEALS SALES TOTAL \$686.00

Ellis Maggard, County Chairman for the T. B. Christmas Seal drive, announced that the total funds collected in the Whitesburg District to date add up to \$686.00.

The above figure does not include the Jenkins District.

Legion Post Starts Membership Drive

According to a report just received from Carl Fitzpatrick, Chairman of Publicity the Bradley Burkhardt Post of the American Legion, located in Jenkins, has been making substantial gains in a recently inaugurated membership drive.

The first meeting to get the drive underway was called December 29. At this meeting, plans were worked out for the drive. It was also agreed that two immediate objectives would be securing a Blood Bank for this area and sponsoring Junior Baseball.

A second meeting was called on January 5 and an order was passed appropriating the necessary funds in the event the Blood Bank could be procured.

An order was also passed authorizing Ivan "Moon" Mullins to renew his boxing license and hope was expressed that by early summer a number of bouts would be arranged for the Jenkins community.

It was agreed that the membership drive be actively pushed and that another meeting should be held in the Club Room of Lakeside Hotel on Saturday evening, January 19, at 7:30 o'clock.

NEON CHURCHES BEGIN JOINT REVIVAL MONDAY

Rev. Jesse Davis and Rev. Carl T. Miller, of the Fleming-Neon Methodist Church and the First Church of God respectively, announced a joint revival effort by their Churches, beginning next Monday night, January 14.

Rev. J. C. Tuggle, pastor of the Seco Methodist Church, will be the evangelist. Meeting time will be 7:30 (EST).

Insurance Benefits

After 15 years of operation, old-age and survivors insurance is paying about \$103,215 in monthly benefits to 3,993 persons in the area served by the Hazard Field Office.

Ky. Baptists Plan Annual Meeting

Kentucky Baptists will hold their Fifth Annual Evangelistic Conference at Louisville's Walnut Street Baptist Church, January 14-16. The meeting will be sponsored by the General Association of Baptists in Kentucky.

The program will include addresses by outstanding leaders among Southern Baptists. The session will open Monday evening with an address by Dr. Duke K. McCall, President of the Southern Baptist Theological Seminary. Scheduled later in the evening, is an address by Mr. Eugene Siler on "Laymen in Evangelism." The Monday evening session will be closed with the address of Dr. J. W. Storer, Pastor of the First Baptist Church, Tulsa, Oklahoma.

The Tuesday session will open with an address by Dr. L. G. Frey, Superintendent of Missions and Evangelism for Tennessee. Later in the morning Dr. W. R. Pettigrew, Louisville pastor, will give a demonstration of the method he uses to baptize a convert.

The Tuesday evening session will be organized around the theme "Youth In Evangelism." Testimonies from outstanding students from the University of Kentucky and Georgetown College will be heard.

The Conference will end on Wednesday morning following the addresses by Dr. Duke K. McCall and Dr. Monroe F. Swilley, Jr. The choir from the University of Louisville will present music at this final session.

Neon Council Meets Monday

The new Council of the City of Neon met for the first time as a governing body last Monday night and immediately inaugurated a complete turnover in city employees.

Mack Bentley replaced Adolph Phipps as Chief of Police and Henry Slack was named on the police force to replace Aus Hudson. J. M. Johnson was hired as City Clerk to replace Sam T. Webb. Henry Welch was named City Treasurer and Harry L. Moore City Attorney.

The new council is composed of Wilson Baker, Ike Bentley, Ralph Bates, Don Wright, Sherman Cox, and Willie Sexton. Mr. Sexton replaces Jim Kimbrell, who recently resigned.

Mayor J. W. Tucker presided at the meeting.

Polio Expenditure Given By Chairman

The Letcher County Chapter of the National Foundation for Infantile Paralysis spent \$132.36 to assist a total of 10 polio patients last year, it was revealed today by Mrs. Archie Craft, Chapter Chairman.

Making public the 1951 financial report of V. D. Picklesimer, Chapter Treasurer, Mrs. Craft declared that services made possible through funds raised in the 1951 March of Dimes underlined the need for a successful 1952 drive.

"The record of what has been done makes us all eager to continue and to expand this work as needed," he said. "Unfortunately, even if we had no cases of infantile paralysis in our county in 1952, there remains much to be done for patients stricken in 1951 or before. Of the 10 patients aided in 1951. Seven were old cases three new ones. The toll of

Large Crowd Attends Judge's First Session Of Circuit Court Here

Over one hundred and fifty people gathered in the Letcher Circuit Courtroom early Monday morning, January 7, to witness the swearing-in ceremonies of new officials of the court.

Third Son Meets Death By Gunshot

When Kirby J. Hamilton, 38, fell mortally wounded by gunshot last Sunday evening at Bull Creek, near Cornettsville, he became the third son of Dow Hamilton to meet violent death by gunshot in the past five years.

Bob Hamilton was the first of the brothers to be killed by gunshots. He was killed at Cornettsville on Christmas Eve, 1947.

The following March after Bob was killed, brother Charley also fell victim to gunshot wounds at Cornettsville. Both had been ambushed. In addition, two other brothers, Harvey and Jim, had been seriously wounded in shooting affrays.

Surviving brothers are Jim, Frank and Ray, of Ulvah, Harvey, of Cornettsville, Bill of Whitesburg, and Riley, who is in the Air Corps, stationed in Texas. A sister, Nora Morrison, also survives.

Kirby, who was killed about 6:00 o'clock Sunday evening, was married to the former Tilda Adams, of Knott County, and besides her, he leaves eight children to survive him. They are Wayne, Ida Mae, Ray, J. D. Robert, twins Faye and Kaye and Don.

Accused of the shooting and charged with murder were Dewey Caudill, Sr., 44; his son, Dewey Caudill, Jr., 16 and Elmer Caudill, about 35. The three had called Perry Sheriff John Gross after the shooting and surrendered.

Dewey Caudill, Sr. told officers that trouble between the Caudills and Hamiltons, who were neighbors, began two years ago. He said he had evicted Hamilton from a house to start the trouble.

Later, Hamilton, was tried and acquitted on a charge of dynamiting the elder Caudill's house.

The elder Caudill told Perry County Attorney Tolbert Combs he was moving Sunday to another house about a mile down the creek from the Hamiltons when Hamilton accosted two of his children and said that the one truck load of furniture which had been moved would be enough.

The shooting occurred later at the house into which the Caudills were moving. Caudill claimed Hamilton shot three times with an automatic. There were two slugs buried in the house.

Hamilton had been shot about seven times. There were 22 calibre slugs in his back, right chest, and throat, and he had been hit by 32 bullets in the left arm, throat and right leg. There were shotgun pellets in his left shoulder.

He had evidently tried to hunker down behind a rock which sat beside a smoke house in front of the house from which the Caudill's were said to have been firing. Death came instantly.

Time of the funeral has not been announced yet... pending the arrival of Riley from the Army. Burial will be in the Caudill Cemetery at U. Z.

Those in the audience expecting to see Circuit Judge Courtney C. Wells sworn into office were waiting in vain for the new Judge had taken the oath of office before entering the court room.

The oath was administered to Judge Wells by Circuit Court Clerk W. L. Stallard, Jr., who was rounding out his six year term of office before beginning the new term to which he was elected.

In the courtroom ceremonies, Judge Wells administered the oath of office to Commonwealth Attorney elect Emmitt G. Fields and then swore Clerk Stallard into office.

The swearing-in ceremonies began a little after 8:00 o'clock and by the time they were over the court room was filling up rapidly. The crowd had increased to 200 when Judge Wells gave instructions to the Grand Jurors.

In his instructions to the Grand Jury, Judge Wells said he didn't know the bootlegging situation in Letcher County but he imagined there was bootlegging going on.

"I don't believe in it," he said, "and the only way to keep a county dry is to enforce the laws."

The Judge noted that there was too much carrying of concealed deadly weapons in the county. He read the statute covering concealed weapons and warned that anyone his court found guilty of the offense would serve the sentence (two to five years).

He firmly stated that under no circumstances would deadly weapons be delivered back to an owner who had been convicted for carrying such weapons.

Judge Wells noted there is little rape in this county. "It is evident that the men here still respect womanhood," he said. He also mentioned the fact that there isn't a licensed gambling device in the county.

A surprise to many of the people sitting in the court room was the Judge's stern order that there would be no smoking or chewing in his courtroom.

There was also less milling around in the court room as the new Judge asked that all who could find seats do so.

As of this date, no Master Commissioner has been named by the new Judge. N. Baxter Jenkins, young Letcher County lawyer, has been serving in the place of the old Commissioner, Emmett G. Fields, who is now Commonwealth's Attorney for this district. Jenkins is expected to retain the position.

Two Youths Arrested For Automobile Theft

Willie Douglas Hall, 18, and Bill Price, Jr., 23, both of Cro-mona, were arrested at Haymond last Saturday afternoon by State Policeman Elwood Champion and charged with automobile theft.

The youths, both of whom were home on leave from the army, were accused of stealing a '49 Ford Truck from the Combs Motor Company Thursday night and a '50 Buick Sedan at Hazard Friday night.

Both pleaded guilty on the two charges and were jailed in the Letcher County jail at Whitesburg to await trial.

Why Must We Lower Policemens Salaries

When city government officials start looking for corners to cut in order to make ends meet in their budget the first thought that seems to enter their minds is to cut the salary of police officers.

The new Whitesburg Council is no different from others in that respect as they showed at their first meeting together Monday night when a motion to cut the salaries of Whitesburg's two policemen was carried by a four to two majority.

As their salaries stood, the Chief was receiving \$275.00 per month and the night policeman \$225.00 which were fairly livable salaries in these days of high prices and inflation.

The motion passed at the meeting Monday night cut the Chief \$50.00 and the night policeman \$25.00. This makes the salaries of the two officers now stand at \$225.00 and \$200.00 per month.

And the old familiar picture which may be found all over America crops up as our policemen, the very men who should be well paid, stand in line for the first salary cut when city officials start to save taxpayers' money.

It has always been the demand of good citizens and taxpayers that their policemen be of high quality, above reproach when it comes to bribes etc. "How," we must ask ourselves, "can we expect to obtain and keep the best of police officers if we are not willing to pay for these men?"

As one council member said as he objected to the cuts, "You can get \$150.00 policemen, \$175.00 policemen, \$200.00 policemen and just about any price policemen you'd care to pay for."

Our policemen, especially the one on night duty, need a car and should have an expense account for its upkeep. The city hasn't seen fit to allow for such an account.

We must agree with this councilman who said you get only what you pay for and in order to have officers who will give the maximum effort to their work we must make this work attractive and profitable.

The new officers appointed by the Council are good men and we have confidence in their ability. At the present they haven't accepted their appointments and we are wondering if maybe they won't think a long time before obligating themselves to a position which offers the maximum in danger and the minimum in mercenary recompense.

If they do accept, we can't help but feel that perhaps they will always have their eyes open for better opportunities . . . and we can't blame them.

A New Concept Of Giving

The upward surge of polio during the last four years has been so marked that the National Foundation for Infantile Paralysis has had to develop a whole new concept in dealing with the disease.

During the first decade of the organization's existence, from 1938 through 1947, the nation experienced an average of ten to twelve thousand cases a year. In the past four years, however, that average has jumped to 33,000 cases a year.

This new pattern of polio is best understood when it is realized that almost two-thirds of all March of Dimes funds spent on patient care since 1938 have been expended during the last four years alone.

What would once have been thought a staggering epidemic must now be considered "normal" by the National Foundation. Tripled incidence has become the pattern of normalcy with which the March of Dimes organization is faced.

How is the nation to meet this rising tide of polio, this new and widespread pattern of the only epidemic disease still on the increase in America? The only logical answer seems to be a whole new concept of giving. The reason for this is tragically clear.

The last four years marked the four worst polio years in history, and one must go back to 1916 to find a case-load even approaching incidence of such proportions. More than \$79,000,000 in March of Dimes funds were spent on patient care during this period in contrast to \$41,000,000 expended during the whole previous decade.

But patient care is only one facet of the fight against polio. The National Foundation must also spend vast sums on professional education—providing the skilled hands needed in the hospital wards and research laboratories—and it must devote similarly significant amounts for the research that will eventually make this crippling disease as rare as small pox.

The irony of it is that just as the National Foundation has reached a point where the outlook seems definitely promising, it has been necessary to spend three-quarters of all March of Dimes funds for the actual care of the tens of thousands of children and adults annually stricken with the disease. During the past four years, 132,000 cases have been reported compared to 113,500 in the entire previous decade.

To meet this situation—which scientists feel will continue until the final answer is found—all of us must recognize this new concept for what it is and counter it with a new concept of giving. Let's get the job done—and quickly—by increasing our contributions to the 1952 March of Dimes.

KIWANIS SPIRIT

Thursday, January 3, 1952
This week's meeting, with John Pack in charge, will be devoted entirely to business. The duties and functions of the various committees as well as our club objectives for 1952 will be thoroughly discussed. It was thought that a session of this kind was needed, at this time, in order that the new administration might get started off on the right foot. Kiwanians-elect Troy Pack and Carl Mercer, will be inducted at this meeting.

Last week, Lt. Governor, Albert Moore, Salyersville, Ky., did a bang-up job in the installation of our 1952 club officers. This was an excellent meeting even though our attendance was somewhat disappointing. This however, was to be expected due to some sickness and members out of town for the holidays.

It is hoped that Roger Wilson and Tony Dann who have been very ill, will be sufficiently improved to get back in harness this week.

Next Week, A. C. Dittick will be in charge of the program. Dit is trying to arrange a program on vocational training with Past Lt. Governor, James Patton, Paintsville, as guest speaker. We hope to have full details next issue.

Guests last week: Mr. and Mrs. E. Paul Lyon, Highland, Ill., Mrs. Thelma Sewell, (former club pianist) and Mr. O. J. Williams, President of the Salyersville Kiwanis Club.

Prof. Harold Walker, of the couraging engineering student body of the University of Illinois, is endeavoring to enter the coal industry, points out that coal is the nation's major fuel resource of the future.

JENKINS CHATTER

—by—
G. K. Cantrell

The Police Department radios are in and awaiting erection. The 120 ft. tower to be erected on top of the Jenkins Office Building has not arrived. Mr. C. K. Sulger, RCA Communication Engineer, Dayton, Ohio, assured the Clerk that the tower would be here and the radios on the air by February 6. We are looking forward to this event when the Chief of Police will dedicate the radios to the City of Jenkins. This dedication to take place the first time the Council meets after station KIF446 is on the air.

There is still a possibility that a radio station, regular broadcast, affiliated with a major network, will be built in Jenkins. There is to be a meeting of interested persons in the Jenkins City Hall, Jan. 15, at 7:00 p. m. The purpose of this meeting is to hear all interested persons pro and con and to lay the ground work for a local corporation to operate the station.

The Council of the City of

Jenkins met in regular session Saturday, January 5, 1952. The new Council authorized the borrowing of \$9800.00 from the Whitesburg Bank for the following purposes:

Pay bank note \$5,000
December 1951 Pay Roll 3,000
Street lights 1566.45
Surety Bonds 195.07
Interest on Note 50.30

Mayor Harold Davis and the Clerk were authorized to transact the business on behalf of the City.

The Council rehired all the present Policemen. Hibbert Elkins, Chief; Charlie Cline, Asst. Chief; Marvin Rife, G. E. Powers and George Gardner as policemen. The salaries remained the same although some effort had been made to lower the salaries of all the city employees.

The Council rehired the Clerk and Treasurer by a vote of 4 to 2. The Mayor vetoed the resolution immediately. The Council declined to hire Harry L. Moore as Special Corporation Counsel by a vote of 4 to 2 and hired Burke & Burke of Pikeville by a vote of 4 to 2. These resolutions were also vetoed immediately by the Mayor.

The meeting adjourned un-

til Saturday, January 19, 1952 when the resolutions will again be presented and read.

We hope that the United Mine Workers of America will build a hospital in Jenkins. The organization has been interested in such a project and took an option on some property on Lakeside. Evidently there are some people in Jenkins that are against the building of such a worthy project. The Miners Organization has requested release from its option and have been looking at other locations in the County. A hospital anywhere in Letcher County will be far better than we have now, but for the people of Jenkins to let the opportunity of a lifetime pass them by is not easily understood. Every resident of Jenkins should be doing their utmost to have the hospital located in Jenkins.

For some time building in and near Jenkins has been at a standstill. The building of a hospital would be a "shot in the arm" and would have a tendency to change the minds of many residents who think Jenkins has already gone to the dogs. I trust that everybody would contact the proper authorities and tell them we want such a project in Jenkins. You notice that the people of Whitesburg lost no time in getting everybody after the hospital for their city. They can be commended for such a courageous fight. They probably will get some results too. We in Jenkins can do the same thing. Don't waste any more time. Get going immediately.

"Howdy Neighbor!"

That's just how we feel about the 6 million folks who call on us every day! That's how we'd like them to feel about us, too. And most of them do—simply because A&P has always been known as the friendly, "neighborly" place to shop. That "warm" feeling by our customers has been going on for a long time now. And in that spirit we think of you and are doing our best to see that A&P is all that you expect it to be. If it isn't, tell us. Incidentally, if your A&P store manager does call you "neighbor," rather than by name, we think you'll know why.

Talking It Up

With Russell Rice

Russell Rice

Ray Pigman didn't come right out and say it . . . but he hinted enough to let me know he is of the opinion that I have been neglecting basketball in the County during the past three weeks . . . as far as reporting the games is concerned.

The trouble is Ray is right and I know it, but what can you expect of a man who has recently had a future football player added to his family, moved into a new house, lived through the Christmas and New Years holidays changed heaters in the house in order not to freeze to death, had a

burst water pipe, and brother there's a lot more troubles which crop up when a person changes the location of his rocking chair . . . as most of you know.

Getting back to the subject, which in this case is basketball, I made a resolution to cover as many of the county games as I possibly can and give an account of them to sports fans here in the county . . . and I intend to keep the resolution. So far, I don't think I have been accused of showing partiality to Whitesburg . . . even though I see the great majority of their games, due to convenience.

The season has reached the midway point now and as we look back over the past games it seems that the Whitesburg Yellowjackets are the strongest team in the County at the present time. The Yellowjackets have met all County teams except Fleming-Neon and defeated them decisively, although they haven't run away with either team.

Against Kingdom Come in the second and third quarters last Friday night, however, the Yellowjackets showed that they have some very sloppy ball in their system. Kingdom Come took advantage of the lapse in Whitesburg's efficiency and cut down an 11 point Yellowjacket lead to a two point lead before falling behind again in the closing minutes. The Yellowjackets definitely can't play such a brand of ball and except to continue their winning ways.

Fleming-Neon hasn't shown too much so far this season, but we never judge a team until it has rounded into shape. The same holds true for a coach and since Mr. Ritter is building for the future we don't expect him to try to set the county on fire his first year here. Watch Goebel, though, he knows as much basketball as anyone in the county and you can bet he's going to teach a lot of it to his boys.

Remember the promise made at the first of this column and let's see if this writer keeps it.

By the way, for you football fans there's a treat coming up at the Whitesburg's Alene Theater soon in the form of a football headliner, showing 21 big teams in action. Of course, Kentucky and Tennessee are included.

Wildcats Fall To Yellowjackets

The Whitesburg Yellowjackets spurted into a quick eleven point lead in the first quarter last Friday night and it looked as if they were off to the races as the Kingdom Come Wildcats couldn't find the right defense to stop Ray Pigman's boys.

The complexion of the game changed in the second quarter however as Whitesburg built its lead up to thirteen points, 20-7, and then became wild and erratic as Kingdom Come started hitting and hogging the ball. At halftime the score read Whitesburg 26, Kingdom Come 21.

The Wildcats outscored the Yellowjackets one point in the third quarter and the period ended Whitesburg 38, Kingdom Come 34.

At the opening of the last quarter, Kingdom Come pulled within two points of Whitesburg but couldn't get any closer. Near the end of the period, with the score Whitesburg 42, Kingdom Come 40 the Yellowjackets pulled out ahead by scoring eleven points while Kingdom Come could only manage one field goal. Final score: Whitesburg 53, Kingdom Come 42.

Combining the advantages of the convertible with those of the conventional sedan is Studebaker's newest body style for 1952—the "Starliner," a five-passenger, hardtop convertible. The new model, which typifies the striking new design and appointments of the company's entire series of new models, is offered in both the Champion and Commander lines, and is available in eleven different two-tone color combinations. Upholstery trim includes two different nylon options as standard, and two leather options as extra-cost choices. Chrome wheel discs are shown as optional at extra cost.

Studebaker's 1952 passenger cars, re-designed both outside and inside in keeping with the company's reputation for "styled ahead" leadership, are now being displayed by COMBS MOTOR COMPANY, local Studebaker dealer.

Added to the wide range of Studebaker body styles this year is the new "Starliner," a five-passenger, hardtop convertible. It is available in both the Champion and Commander lines in eleven different two-tone color combinations and two standard upholstery options. Styled for smartness and unlimited visibility, the new model combines the advantages of the convertible with those of the steel-topped sedan. The "Starliner" typifies the striking new design and appointments of the company's entire series of new models.

"Externally, the '52 Studebakers reveal entirely new front-end treatment and substantial re-styling in the rear," says Mr. Combs. "All models look much longer and wider than before. Hoods are longer and lower, with new emblems and ornaments. Grilles embody wrap-around styling and stand out as the most distinctive front-end features of the new models. The massive wrap-around bumpers are equipped with four vertical guards; two, located under the headlamps, to protect the car from the customary day-to-day bumps, and two smaller

guards to protect the license plate from damage. Headlamp rims are of new design and the parking lights, also new, are larger."

The most significant changes in the rear are found in the tail lights and trunk lid handles. The tail lights, which appear to be integral parts of the rear fenders rather than "added-on" assemblies, give the effect of extending the sweep of the fenders and thus a corresponding increase in body length. Their design, however, does not sacrifice any of the increased area of illumination which proved so popular on handles incorporate new style '51 models. Trunk lid ling on all but the lowest price Champion model.

Super, yet softer and easier brake action has been achieved by changes in the brake pedal linkage and the adoption of floating rear shoes in all brakes. Both front and rear shoes in all brakes are now completely self-adjusting.

Other innovations include instrument panel push-button starting on all models equipped with automatic drive, a new type of starter for the Commander which is held in positive engagement until the engine is fully operating, moisture-proof ignition systems, and a boost in the generator output to 45 amperes on both the Champion and Commander.

Heat-resisting, glare-reducing glass for windshields, side and rear windows is optional on all models at extra cost. Rear view visibility on convertibles has been greatly increased by enlarging the rear window areas by nearly 266 square inches.

Upholstery and trim suggest drawing room elegance. Seats are particularly outstanding in comfort, design, materials and colors. Button tufted seat cushions are standard on the State Commander and Land Cruiser; also on the "Starliner" and convertible when nylon trim is specified. Bolstered seat backs, featured in Studebaker's postwar cars for the first time, are standard in the Regal Champion, State Commander, and Land Cruiser. Sidewalls and door trim match the richness and attractiveness of upholstery and appointments.

Eleven solid color choices are available for the '52 models with the exception of the "Starliner" which is offered in any of eleven different two-tone color combinations. Four new hues are included among the solid colors: Cuba red, Nocturne blue, Tahoe green, and Piedmont gray.

"In performance, safety, comfort and appearance, these 1952 Studebaker Champions and Commanders are truly outstanding," says Mr. Combs. "I know the public is going to be enthusiastic about them."

LITTLE COWAN HOMEMAKERS

The Little Cowan Homemakers Club met at the home of Mrs. Ellis Banks, Friday, January the 5th with seven members present.

Bible reading was Proverbs 1:3-6. The thought of the month was "I Will Follow the Upper Road," by Mary S. Edgar. Landscape notes were given by Mrs. Ernest Blair and the lesson this time was on preventing accidents in the home, which was given by Miss Halcomb who had illustrations showing some of the hazards that cause home accidents.

Several of the members have already procured medical kits and equipment for the Little Cowan and Whitco Schools, which the Club is furnishing.

The next meeting will be February the 6th at the home of Mrs. Howard Gilley.

Jean Noble, of the U. S. Navy, spent the holidays with his wife, Faye, and parents, Mr. and Mrs. Sam Noble. He is stationed at Little Creek, Va.

John W. Fields, of the U. S. Air Force, returned to his post in Texas Sunday.

Peggy Maggard, of Partidge, visited Mattie Lou Fugate and Wanda Kincer while home from Maryville College.

POLIO . . .

polio continues on into the next year or years."

The report showed that all the money expended was for hospitalization of polio patients whose families could not afford full cost of care themselves.

None went for administrative costs. The national office supplements local funds when high incidence wipes out local resources. During the year \$2400 was received in emergency aid by the Chapter, Mr. Picklesimer said.

Farewell Party Given For Mrs. Homer Skaggs

Mrs. Homer Skaggs was given a farewell party at Fleming recently by Mrs. Grace Tucker, Mrs. Estill Cox, Mrs. Kate McKinney and Mrs. Darrel Jones. Mrs. Skaggs is moving to Florida.

Mrs. Bernice Wormsley and Mrs. Darrel Jones were in charge of recreation at the party. Pineapple upside-down cake and coffee were served.

Mrs. Skaggs will be missed by her many friends in Fleming.

Those attending the party were Mrs. Sam Tucker, Mrs.

Bernice Wormsley, Mrs. Nora Hall, Mrs. Quinlan, Mrs. Droxie McMillan, Mrs. Goebel Ritter, Mrs. James Caudill, Miss Doris Hale, Maxie Phipps, and Nancy Lee Mullins.

CITY COUNCIL . . .

garbage ordinances. Hereafter, householders in the Corporation limits will receive free garbage haulage and the truck will make its rounds twice a week. Commercial places will still pay for garbage. Revenue from these businesses is expected to pay the truck driver's salary and other expenses.

The Council voted unanimously to purchase 1200 feet of new fire hose and a new 35 ft. ladder for the Fire Department. Fire Chief Day explained that these were his needs to make Whitesburg a sixth class fire city.

Council members went on record unanimously as opposing any legislation in Frankfort which would increase the truck load limit from 42,000 lbs. to 60,000 lbs. Such legislation has been talked up in governmental circles lately.

Council members noted the fact that trucks carrying seven, eight, or nine tons of coal tear our roads up bad enough as it is and they are definitely against allowing much heavier trucks to travel our highways.

Three hours and twenty minutes after it started, the meeting closed with Councilmen deciding to continue meeting on the old Council's meeting night—the first Tuesday in every month at 7:00 p. m.

The Parson
Says

by E. Hampton Barnette

Mrs. Floyd Mercer told me an old saying which I had not heard. She said that the first visitor to a home on New Year Day always determined whether the chickens hatched that year would be roosters or hens. If a woman was the first guest all the little chicks would be pullets. If a man was the visitor all the biddies would be roosters, most of them at least.

I think that should work right well. The first person I visited in 1952 was T. F. Brooks, of Thornton. So his new born chicks are due to be cockerels for the most part. That would not be too bad at that, for pullets seldom go into the ministry. But a preacher eats lots of roosters among the deacons and elders in the course of a year.

When I was a kid we always had cabbage on New Year's Day. That meant that we would have two heads of cabbage in each pot throughout the coming year. I always noticed if they were not in the pot they were usually on someone's shoulders.

I am for the cabbage-head idea.

The mirror in the well was another old saying in my boyhood days, and it always worked well, in the well at least. You were supposed to take a mirror to the well turn it to show the water, and the person you saw down there would get married that year. I recommend that to belated bachelors. If anything at all would work for a decent marriage and a lovely Christian home I am for it.

Then there is the old adage about work. If you work on New Year's Day, you will most likely work all the year, there is danger at least that you will. Think of jumping out of a warm bed the first day of the year and getting breakfast, when your wife could do it, and let you sleep late. But I am for the work. An early start is the assurance you might get it done, so let us begin early in the year to work harder, save more, attend church a thousand times better than we did last year, and be somebody for the community, ourselves, and families.

Here is a famous New Year saying: "I don't make promises, and I don't have any to break." That shows the lack of faith one has in himself.

Most of us mountain people know what a "Half-runner" is. Preachers have more of them on Sunday than they know what to do with. In church attendance a "Half-runner" is one who goes to Sunday School, and as soon as it is over he wheels on a half-spinner and runs off. He has only been to half the Church Service.

Soldiers do not stay for only half the battle and run off. Pupils do not stay for only one lesson and go home from school. Neither should people run off from church before the last song is sung.

If you were a horse and your farmer friend would feed you hay, and run off you would likely neigh after him and say: "Where's my corn?" When Sunday School is over don't let the preacher run off, but say, "Where's my corn?" You see the service is only half over when the Sunday School is over. Stay for church and support your preacher. He needs your manly support.

When men and women become church half-runners the children always follow them. Watch out for your good examples in 1952. Don't be half-runners. Come for Sunday School. Stay for Church.

Letcher in Detroit...

by Rev. Byrd Adams

We felt the loss of a dear relative when an automobile accident Sunday before Christmas at the mouth of Garner, Ky., took the life of my uncle, Golden Hale of Detroit, who was down to spend the Christmas in Kentucky. He had been to see his mother, Doshale Hale of Carr Creek, and was returning from there in the evening.

The news was first received by Mrs. Mattie Blair, long distance from Kentucky from her daughter, Jesteaden. He had been employed in Detroit as a Drafting and designing engi-

neer for a number of years. He and his son, Jack Alex Hale, had recently returned from about a three months stay in Los Angeles, California.

Uncle Golden, known by many of his friends in Detroit and elsewhere as Gordon Hale instead of Golden Hale, had lived within a few blocks of me for a long time and our occasional visits brought us even closer together.

It will be hard to realize that he is not around in person any more. But, by information few people know, I have reason to confidentially believe that I shall meet him on the bright shores of yonder's eternal land, where the sorrows he had known in this life shall be no more.

A long distance telephone call came again from Kentucky to the home of Monroe and Mattie Blair less than a week after the first call also bearing sad tidings. It was a call from Red Fox, Ky., informing Mrs. Blair that there had been a death in the family of Mr. and Mrs. John Wright. One of the twin babies, born last July 8th to the Wrights, previous to their return to Kentucky from Detroit, was found dead in its crib. The cause of death was not stated in the long distance conversation.

Mr. and Mrs. Blair immediately left for Kentucky to be with the Wrights in this hour of sorrow. Mrs. Wright (Coleen) is the oldest daughter of the Monroe Blairs.

We were by to visit Mr. and Mrs. LeRoy Adams and son

whose address had been given me by one of his relatives as 3058 16th street. But were informed that they had moved to a different address, which was unknown to the caretaker of the 16th street address.

I intend to drop by the address of Mr. and Mrs. Lee Collins and Mr. Hennie Adams, brother-in-law, sister and father, respectively, to Mr. Adams whose wife Gwen-dolyn, is a daughter of Kerney Sexton and a brother to Mr. Glennis Sexton, also of Detroit. At the Collins residence I will learn where to snatch LeRoy for an interview.

After preaching at the Samaritan Baptist Church Sunday morning I went with my wife to spend the day with Rev. Thomas Hale and family. Part of Rev. Hale's family is returning to Whitesburg after the first of January. George Hale is to be back in high school at Whitesburg on the second.

My subject in the morning message Sunday was "Jesus Christ the Same."

"Change and decay in all around I see, Oh Thou who changest not, abide with me."

Each week for several weeks beginning this week I will reserve this section of the column for listing the names of fifteen people I know from Letcher who live in Detroit. I will not list people who, to my knowledge, have returned home in this particular listing. I would never have enough space to mention the names of all the people who have come and gone back or gone on elsewhere.

So far about two months now, names of friends and relatives and people you know will be appearing in this section: Mr. and Mrs. J. V. Collier, Mr. and Mrs. Charlie B. Maggard and family (Pontiac, Michigan), Mr. and Mrs. Charles Douglas and family, Mr. and Mrs. William L. Blair, Jr., and family, Mr. and Mrs. Pat Blair, Mr. and Mrs. Her-

bert Hall and daughter, Mr. and Mrs. Cornelius Huff, Mr. and Mrs. Okra Huff, Mr. and Mrs. Sam Caudill and family, Mr. and Mrs. Oscar Hogg, Jr., and family, Mr. and Mrs. Elbert Richardson, Mr. and Mrs. Claude Stapleton, Mr. and Mrs. Clyde Davis, Mr. Charlie Fields, Mr. and Mrs. Ray Grimes and family. That brings you the first fifteen names from my long list.

The next two months or so will grow close to the end of the list of people who still reside in Motor City. Watch this section carefully, and if, at the end of the listing, I haven't listed certain people you know who live here, write me that I may add their names to my list and run them in this section.

Kentuckians in Detroit are invited to attend services at: The Samaritan Baptist Church, 819 West Warren between 3rd and 4th in Detroit; The Hebron Baptist Church at 11600 E. Jefferson off Hill-gar;

The Antioch Baptist Church at Strong and Concord streets; The East Side Missionary Baptist Church at 13337 Ker-cheval Ave.;

New Hope Baptist Church on Glover south of Jefferson Avenue. Also there is a Church of God Tabernacle at 4380 Conner Street at Mack where many Southerners attend and are always welcome.

All the above Churches are Southern filled with southern people. The Baptist Churches are among the ones in Detroit affiliated with the Motor City Association of Southern Baptists.

Pine Mountain Association Baptist Missionary

by John R. Isaacs.

Folks, as I write this article, I am asking myself the question, "How can I invest my life in 1952 so that none of it will be lost?" I wonder if all of us might not make a resolution to "Put God first in everything."

I am having a wonderful time trying to get acquainted with this new association. Last Sunday night I spoke at Central Baptist Church at Cumberland to about 100 people and they certainly are a wonderful church. Last night (Dec. 31, 1951-Jan. 1, 1952) I spoke to a group of burning hearts at the First Baptist Church in Whitesburg. It was a wonderful watch-night service. We saw the Lord.

On December 23, 1951, we had over 100 in our Hot Spot Sunday School. On this same day Sunday afternoon, the Sunday School at Payne Gap presented a wonderful play, "Christ Is Born." There were about 50 people present. Our hearts were touched as Janice Lusk, who was playing the part of a shepherd lad, presented what every person can give—"My heart, my life forevermore." I think a tear must have coursed down over every cheek as our hearts beat warm with inspiration.

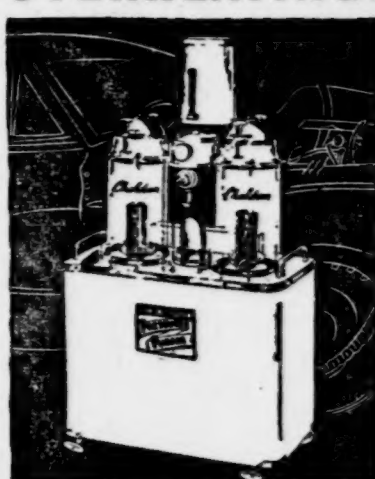

Say, folks, you are all invited to come to these Sunday Schools. Come and let us study God's word—it will lift your vision.

Now, to all our churches in particular. There are two announcements. I wish to call your attention to a Sunday School Association meeting at Whitesburg on January 6 at 10:00 p. m. at the First Baptist Church. We will be emphasizing conference work in regard to the different departments of work. Each Association District head will be in charge of the several conferences.

Second, we want to announce an Associational organizational of Baptist Training Union work. Mr. Joe Asher is the newly elected Association District Director, and the work will be directed by him. This first meeting will be on January 20, 1952, at the First Baptist Church in Whitesburg at 2:00 (CST). This meeting will be primarily for organization, but there will also be inspiration. We want a good representation from all 15 divisions.

If I can help you get a Sunday School started in the Association then let me know about it. I will preach, teach, pray, or do any other spiritual job I can get to—give me a step to stand on. And now let's make 1952 a "Spiritual venture with our God."

OUR SERVICE PLEDGE

To merit your lasting friendship—to merit your lasting goodwill—we operate our service business in accordance with the following principles:

- WE WILL accurately diagnose—to the best of our ability—the repairs needed on your car. If you request it, we will give you in advance our analysis of the work to be done.
- WE WILL write up your order clearly; completely and legibly; and secure your authorization to do the work before starting.
- WE WILL notify you in advance of any additional work we think should be done, and secure your approval before proceeding.
- WE WILL perform all the work on your car as efficiently and as economically as possible. We will replace only those parts which in our judgement need replacing.
- WE WILL road-test your car after the work is done and before we return the car to you, if the nature of the work requires it.
- WE WILL endeavor to have your car ready on time. If the work takes longer than we estimate, we will advise you as far in advance as possible.
- WE WILL provide you with an itemized bill showing exactly what work was done and exactly what it cost. We will gladly explain any item or items that are not clear to you.
